3. Community Meetings

In 2024, we held an in-person community meeting in Bratislava:

#	Venue	Date	Page
27	Slovakia	11-13 September 2024	Bratislava 2024

We also continued our successful virtual meeting series, [the QGISOpenDay](#) which have received very interesting participation from various community members. Recordings of talks are collected on the channel <https://www.youtube.com/@qgishome>.

February-2024	26.01.2024
January-2024	26.01.2024

4. PSC

The PSC met on a monthly basis throughout the year. Notes from these various meetings were recorded and shared publicly: <https://github.com/qgis/QGIS/wiki/PSC-Meetings-archive>

The PSC meetings included occasional participation from QGIS community members who had specific issues to raise. We encourage all QGIS members to make use of the opportunity to

raise issues for our meeting agendas, or to join the PSC meetings if something needs to be discussed.

5. Votes and elections

At 1.1.24, the elected members consisted of 35 Group voting members (<https://qgis.org/en/site/forusers/usergroups.html>), 33 Community voting representatives, two honorable voting members and 1 OSGEO voting member.

New user groups of 2024 are:

- Global virtual FB group
- North Macedonia
- Albania
- Republic of Kosova

New community voting members of 2024 are:

- Stefanos Natsis
- Isabel Kiefer
- Damiano Lombardi

Grant Programme

The [QGIS Grant Programme 2024](#) resulted in funding for 7 proposals. Like in the previous year, we did not accept proposals for the development of new features. Proposals had to focus on improving the QGIS project infrastructure and polishing existing features. Reports from the 2024 winning proposals have been published on the [QGIS blog](#).

6. Financial

The annual financial report for 2024 is provided as a separate PDF document, and will be published after acceptance at <https://qgis.org/community/foundation/finance/>. The accounting was checked by two external auditors. See separate PDF for financial auditing report.

7. Website

In July 2024, we released the new QGIS website. A detailed report has been published on the [QGIS blog](#). Other QGIS related web platforms, including the QGIS plugins web portal, the QGIS resources hub web portal, and the blog are being updated to the new branding.

Annual report 2024

The screenshot shows the QGIS website homepage. At the top, there is a navigation bar with links for "Project", "Community", "Resources", "Download", and a green "Donate" button. A banner at the top of the page reads "News: Join the QGIS User Conference 2024". Below the banner, a large green "Q" logo is displayed next to the text "Spatial without Compromise". A sub-headline says "Spatial visualization and decision-making tools for everyone". There are "Download" and "Available on Windows, Mac, Linux" buttons. The background features a dark map of a city.

8. Thanks

As you can see from the summary above, 2024 was yet another incredibly busy and productive year for the QGIS project. With major advances in our organisation structure, code base, community and revenue, QGIS continues to grow from strength to strength and we look forward to maintaining the same momentum through 2025. The PSC would like to thank all of the coders, documentation writers, people supporting other users in the community, sponsors, donors, translators, bug reporters, promoters and users that have made QGIS the hugely successful project that it is today.

Annual report 2024

On behalf of the PSC: Marco Bernasocchi, Anita Graser, Alessandro Pasotti, Andreas Neumann, Jürgen Fischer, Régis Haubourg, and Tim Sutton.

Best regards,

Marco Bernasocchi
